

GIVING CHILDREN A VOICE IN COURT

FAMILYLAWCASA.ORG

We don't have photos to share from our 2020 virtual event but we received great comments from you!

Great event! Thank you to the team for pulling off a wonderful event and working hard for our CASA kids!

Excellent. I was so impressed by the work done to get this breakfast online and by the individual videos.

Congrats on pulling off a successful event!!

I watched it in my slippers with coffee in hand!

I love the work you all are doing and very much appreciate how it helps the community.

I liked that it seemed like the speakers were in my kitchen, rather than up far away on a stage.

The videos with CASA advocates brought tears to my eyes.

Every story was personal, touching and gave a clear picture of the impact that FLCASA's work has on the children and families served.

I enjoyed each video clip and they made me want to be a volunteer someday soon.

Excellent stories that illustrate not only what CASA is about but also what it's like to be an advocate.

I appreciated attending in my pajamas!

How rewarding to be involved with something that does so much good, especially for children.

Thank you for all you do—champions for the children!

Truly my honor to support this great work. Keep it up!

This was by far the best presentation I have ever seen at a FL CASA event!

I feel like the folks at CASA did an amazing job of putting something together that was inspiring and hopeful and innovative during a crisis. Kudos to CASA!
